

An alternate way to play chords that are in G Major or E Minor

Each chord follows this system:

Mute / block the low E string

Mute / block the D string

G String is open

Mute / block the high E string

Exceptions are:

- 1) You can add the low E string and High E String to the Em Chord**
- 2) You can add the high E string to the C Chord**
- 3) You can add the high E string to the Am Chord**
